DETAILED ACTION

This office action is regarding the Response filed 26 March 2003.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 4-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Endo et al. (U.S. Patent 5,709,831), hereafter "Endo," as stated in Paper No. 11.

Response to Arguments

Applicant's arguments filed 26 March 2003 have been fully considered but they are not persuasive.

Applicants contend that the Endo document does not teach the claimed invention because it does not disclose "moving relatively said at least one movable mold with respect to said another movable mold by a predetermined amount greater than an amount of movement necessary for tentatively retaining at least one of said parts to said other part." This argument is not deemed persuasive because, as seen in Figures 1 and 2, part 23a is able to be tentatively retained when it is located between parts 15 and 17. The movement of part 23a to its final position in Figure 3 is greater than the necessary movement of part 23a to be simply located between parts 15 and 17. Therefore, Endo clearly shows moving one movable mold 34 with respect to another movable mold 31 by a predetermined amount greater (Figure 3 and 4) than an

amount of movement necessary for tentatively retaining at least one part 23a to another part 15 and 17 (Figures 1 and 2).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
